

borders, that area in each country within 5 miles of the borders; and

(3) The area in either country within coordination distance as described in Recommendation 1A of the Final Acts of the EARC, Geneva, 1963 of a receiving earth station in the other country which uses the same band.

(g) Proposed assignments in the space radiocommunication services and proposed assignments to stations in frequency bands allocated coequally to space and terrestrial services above 1 GHz are not treated by these arrangements. Such proposed assignments are subject to the regulatory provisions of the International Radio Regulations.

(h) Assignments proposed in the frequency band 806–890 MHz shall be in accordance with the Canada-United States agreement, dated April 7, 1982.

[35 FR 6752, Apr. 29, 1970, as amended at 36 FR 19440, Oct. 6, 1971; 47 FR 57051, Dec. 22, 1982; 48 FR 8455, Mar. 1, 1983]

§ 1.958 Defective applications.

(a) Applications will be considered defective if:

(1) The applicant is disqualified by statute.

(2) The proposed use or purpose of the station applied for would be unlawful.

(3) The frequency applied for is not allocated to the service proposed.

(4) The application form is not signed in accordance with § 1.913 of these rules.

(5) The application is not complete with respect to answers, supplementary statements, execution or other matters of a formal character.

(6) The application is not in accordance with the Commission's rules or requirements and is not accompanied either by (i) a petition to amend any rule or regulation with which the application is in conflict, or (ii) a request by the applicant for waiver of any rule or requirement with which the application is in conflict. A request for rule amendment or waiver must show the nature of the amendment or waiver requested and set forth the reasons in support of it. Requests for waiver must state the nature of the waiver or exception desired and set forth reasons in support thereof including a showing that unique circumstances are involved

and that there is no reasonable alternative solution within existing rules.

(7) The applicant is requested by the Commission to file any additional documents or information not included in the prescribed form and the applicant fails to comply with the Commission's request.

(b) An application which is defective on its face will not be accepted for filing and will be dismissed.

(c) An application which is accepted for filing, but which is later determined to be defective, will be dismissed.

§ 1.959 Resubmitted applications.

Any application for frequencies below 470 MHz which has been returned to the applicant for correction will be processed in its original position in the processing line if it is resubmitted and received by the Commission's offices in Gettysburg, PA within 60 days from the date on which it was returned to the applicant. Otherwise it will be treated as a new application and require an additional fee as set forth in part 1, subpart G of this chapter. An application for frequencies above 470 MHz which has been returned to the applicant will be processed in its original position in the processing line if it is resubmitted and received by the Commission's offices in Gettysburg, PA within 30 days (45 days outside the continental United States) from the date on which it was returned to the applicant. Otherwise it will be treated as a new application and require an additional fee as set forth in part 1, subpart G of this chapter.

[52 FR 10230, Mar. 31, 1987]

§ 1.961 Dismissal of applications.

(a) Any application may, upon written request signed by the applicant or his attorney, be dismissed without prejudice as a matter of right prior to the designation of such application for hearing.

(b) Failure to prosecute an application, or failure to respond to official correspondence or request for additional information, will be cause for

dismissal. Such dismissal will be without prejudice where an application has not yet been designated for hearing; such dismissal may be with prejudice after an application has been designated for hearing.

(c) Requests to dismiss an application without prejudice after it has been designated for hearing will be considered only upon written petition properly served upon all parties of record and will be granted only for good cause shown. Such petition must be accompanied by a written and signed statement of a person with knowledge of the facts as to whether or not consideration has been promised to or received by petitioner, directly or indirectly, in connection with the filing of such petition for dismissal of the application.

§ 1.962 Public notice of acceptance for filing; petitions to deny applications of specified categories.

(a) Except as qualified in paragraph (b) of this section, the provisions of this section shall apply to all applications for authorizations, and substantial amendments thereof, for the following categories of stations and services:

(1) Industrial radiopositioning stations for which frequencies are assigned on an exclusive basis.

(2) Aeronautical enroute stations.

(3) Aeronautical advisory stations.

(4) Airport control tower stations.

(5) Aeronautical fixed stations.

(6) Public coast stations, excluding those located in Alaska which will not render service for hire.

(b) The provisions of this section are not applicable to applications for the type of authorizations listed in this paragraph.

(1) A minor change in the facilities of an authorized station or a minor amendment of an application on file.

(2) Consent to an involuntary assignment or transfer under section 310(b) of the Communications Act or to a voluntary assignment or transfer thereunder which does not involve a substantial change in ownership or control.

(3) A license under section 319(c) of the Communications Act or, pending application for or grant of such license, any special or temporary authorization

to permit interim operation to facilitate completion of authorized construction or to provide substantially the same service as would be authorized by such licensee.

(4) Extension of time to complete construction of authorized facilities.

(5) A special temporary authorization not to exceed 30 days where the applicant does not contemplate the filing of an application for regular operation, or not to exceed 60 days pending or after the filing of an application for regular operation.

(6) An authorization under any of the proviso clauses of section 308(a) of the Communications Act.

(c) For the purposes of this section, a substantial amendment of an application on file and applications for a substantial change in the facilities of an authorized station shall be:

(1) Any addition or change in frequency (except deletion of a frequency);

(2) Any change in antenna azimuth;

(3) Any change in antenna beam width;

(4) Any change in antenna location greater than 5 seconds;

(5) Any change in antenna location of less than 5 seconds but also involving a requirement for special aeronautical study;

(6) Any change in emission;

(7) Any increase in antenna height;

(8) Any increase in authorized power in excess of a 2 to 1 ratio;

(9) Any increase in emission bandwidth.

(d) All amendments of an application on file and all changes requested in the facilities of an authorized station other than those amendments and modifications listed in paragraph (c) of this section shall be considered minor.

(e) The Commission will issue at regular intervals Public Notices listing all applications subject to this section which have been received by the Commission in a condition acceptable for filing, or have been returned to an applicant for correction, within the 30-day public notice period. They will relist any application which has been amended substantially since its previous listing, or which has been resubmitted to the Commission, after public notice of the return of the application
